

Progressive Education Society's Modern College of Engineering, Pune - 05 (An Autonomous Institute Affiliated to Savitribai Phule Pune University)

SDV05601 – SKILL DEVELOPMENT - I

(Second year MCA Sem. I)

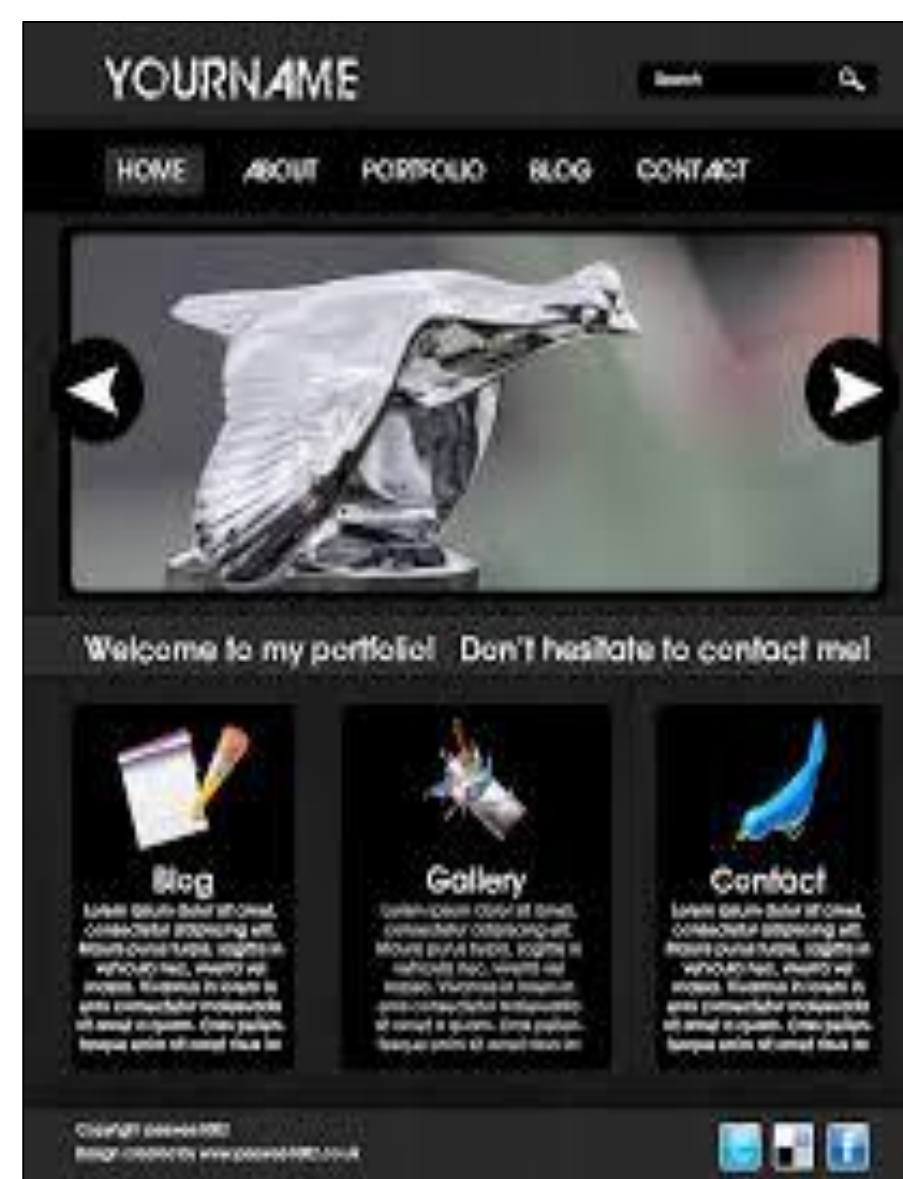

Week-5

Activity 5—Build a simple portfolio website or GitHub Project Profile page.

WEEK 5: ACTIVITY 5 – PORTFOLIO WEBSITE / WEBPAGE

CO609.2: Construct a professional resume, SOP, LinkedIn profile, and GitHub portfolio showcasing individual skills.

Activity description: Students will build a simple portfolio website or a GitHub project profile page.

CONTENTS OF A PORTFOLIO WEBSITE

- 1) Your name and title (e.g. Soft Skills Trainer)
- 2) Photo
- 3) Short introduction or Bio
- 4) Projects / work summary or samples
- 5) Skills
- 6) Contact details (e-mail, phone)
- 7) Links (LinkedIn / GitHub)

STEPS TO CREATE A PORTFOLIO WEBSITE

- 1) Create an HTML file. Open any text editor (like Notepad, VS Code, or Sublime) and write HTML code.
- 2) Write your name, projects, skills, and links at appropriate places. Define the appropriate no. of sections for projects or skills as per the requirement.
- 3) Save and view the file. Give an appropriate name to the file with the extension .html. Double click it to view in your browser.

STEPS TO CREATE A PORTFOLIO WEBSITE

4) Make it online. (Optional but recommended.) You can use free hosting platforms:

- a) **GitHub Pages:** Create a GitHub account. Create a repository and upload your html file. Enable GitHub Pages from the repo settings.
- b) **Netlify or Vercel:** Drag and drop your HTML file or folder. Follow their setup instructions (no coding needed).
